Getting fit together

THE Foster family is celebrating health and fitness with three generations entering the Balmain Fun Run next Sunday. Joe, 8, and Mac, 6, their mother Natasha and their grandmother Robyn Sydun are running

together. "I've just turned 70 and I love running" Robyn said. "I've never won anything in my life until last week. I won the over 70s division at the 10km race at Homebush."

Now in its eighth year, the Balmain Fun Run comprises 10km, 5km and 2km races in Callan Park. The event attracts some of Australia's best runners, but also encourages families to exercise and have fun.

SUN 22ND NOVEMBER 2015

60% of students have entered the fun run - FANTASTIC!!

We have a new class leading the Class Challenge! The winner will be announced at lines on Monday.

K Dawn continued their investigations into the needs of living things. We were all actively involved in the daily care of our silkworms. Our silkworms are now laying eggs!

The life-cycle starts all over again.

It seems Ms Davis is no longer needed in K Dawn. ➡

A visit from theSydney Kings!

Stage 3 had some very exciting guests this past week, with a visit from Tom Garlepp and Marcus Thornton, from the Sydney Kings. Balmain's Stage 3 Students were a part of a special program which complements our K-6 'You Can do it' program.

The Sydney Kings school program strongly echoes the two cornerstone philosophies of inclusiveness and healthy living. As an inclusive sport, basketball is the perfect vehicle to encourage life empowering attitudes and confidence in children. The year 6 students got a special year 6 gift and received some one-on-one time on the court with our special guests.

External Validation Process

2015 Pilot

As of 2016, all Department of Education (DoE) schools across NSW will be undergoing external validation. Our school was selected to undergo a pilot process earlier this term, along with some other primary and high schools across the state.

The executive team, as part of the process, were required to analyse our progress against the 2015-2017 School Plan (which can be found on our website), as well as the School Excellence Framework.

The School Excellence Framework supports all NSW public schools in their pursuit of excellence by providing a clear description of the key elements of high-quality practice across the three domains of learning, teaching and leading. The document can be accessed by the following link: <http://www.dec.nsw.gov.au/about-the-department/our-reforms/school-excellence-framework>. A PDF copy can also be downloaded by googling School Excellence Framework.

Due to the quick turnaround of the pilot study, (we were notified at the end of Week 2 this term), many intense full-day sessions were needed, with Assistant Principals, Mrs Edwards, Ms Mikhail Gogos, Ms Lovett and myself, involved in professional dialogue and carefully considering evidence to articulate our progress.

The reasoning behind the external validation process is as follows:

'Objectivity, transparency and consistency are important elements for ensuring a system-wide approach that supports schools in their ongoing journeys of excellence. While improvement efforts are designed, driven and assessed on an ongoing basis by each school, an external process is important for providing an assurance to the school and the system that the progress being made aligns with the expectations articulated in the School Excellence Framework.'

The approach to school excellence includes a process in which schools provide evidence of achievements and ongoing progress assessed using the School Excellence Framework. This process involves an independent validation panel, comprising two Principals, School Leadership, or PSLs, to consider the evidence provided by each school.'

Wednesday morning saw the external validation panel, consisting of two PSLs, as well as another observer colleague, from the Leadership and High Performance unit, come and visit the executive team at Balmain Public School, where we presented our evidence and spoke about our progress towards our ongoing journey of excellence. We were really excited about sharing our journey with the panel, as related to our School Plan and School Excellence Framework.

We are proud of our students, staff and community!

Exciting News!!!!

We're getting a

KETURAH & MATTHEW ROAR FOR BALMAIN!!!!!!

- *adapted from a PowerPoint Presentation, presented by Keturah and Matthew*

◉ **Matthew and Keturah's Trip to Port Macquarie**

- **What it is like in Port Macquarie...**
- Matthew and Keturah travelled five hours north to get to Port Macquarie. It is a three day competition and we versed a variety of teams around the state.
- When we're up in Port Macquarie, it's always rainy throughout our games and there are massive puddles on the fields, so it's very slippery.
- **First day of the competition...**
- On the first day, Matthew's team versed Orange and beat them, 4-2. On Keturah's first day in Port Macquarie, her team versed Parramatta and flogged them. The score was 7-1. Both teams played against Manly - Keturah's team lost 3-1 and Matthew's team tied with them, 1-1.
- **Second day...**
- Keturah played her last game in Port Macquarie, which was the semi-finals. Her team won because if its draw, whoever scored first wins and her team scored first.
- Matthew won his last game against Orange, 5-3.
- The grand finals and other finals got cancelled because it was flooding!

Gift giving

All children are invited to provide a **gift-wrapped gift** for a child in the local community who may not otherwise receive a present.

BALMAIN'S THEATRE SPORT CHAMPIONSHIP 2015

Team 'Troll Faced Studio' performing Expert Double Figures

This semester, 6L and 6/5D have been learning lots of new drama skills with Miss Connor and Ms Biggins, including improvisation, stagecraft, mime, confidence in performing and thinking creatively. This has all been leading up to the Balmain Theatre Sports Championships, which began in week 6. Over the course of 3 weeks, all students from 6L and 6/5D will have participated in this new and exciting in-school competition.

The Theatre Sport games learnt by the students have enabled them to shine on stage and entertain the audience with their quick wit, team skills and melodramatic performances.

Digby Webster is a 27-year-old talented artist who dreams of one day moving out of home. His friend Tom Elenor fantasises about a stardom that will elevate him out of his mundane life but struggles with the responsibilities that come with independence. Award-winning actress Tracie Sammut now wants to teach other people with a disability and put a stop to industry stereotyping. All three share the same challenge: a society that doesn't always understand or accommodate them. Only by turning to a world beyond practicality and circumstance - the world of art - can they ever hope to change anything, themselves included. Join Digby, Tom and Tracie as they embark on a journey to find freedom through the creative arts and prove that all dreams are made equal.

There will be a Q&A with director Ehsan Knopf and some of the participants.
